Be a good witness: It is important to recall what you observed and provide as many details as possible to law enforcement such as: the sex, race, age, height, hair color, clothing, tattoos, scars of any suspects and a description of the make and model of any vehicle used in the crime and its license plate if possible.

Do not attempt to apprehend any suspects or perpetrators of crime. Do not walk alone; travel in pairs. Avoid using cell phones or other technology while walking as criminals target inattentive individuals using them.

Get a Ride: If you work, study or take classes at night, you don’t have to walk to your car or home alone. The USC Campus Cruiser will take you to your destination. If wait periods exceed 15 minutes, calls are automatically outsourced to Lyft, which you can take for free, ensuring you’ll never have to wait long for a safe ride home.

Blue light emergency phones are located throughout the University Park and Health Sciences campuses. The phones are connected to the USC Department of Public Safety’s 24-hour communications center and identify the phone location if the caller is unable to talk. The phones can be used to request an escort, report suspicious activity, and to report crimes.

Yellow Jackets: In addition to DPS officers who patrol a 2.5 mile radius around USC’s campuses, USC contracts with “security ambassadors” to patrol street corners in nearby neighborhoods. This security force wears bright cardinal and yellow jackets so you can easily spot them. If you’re off campus and in need of assistance, look for a Yellow Jacket.

LiveSafe: To immediately contact DPS or 911 with a push of a button on your mobile phone, download the Trojan Mobile Safety APP “LIVESAFE” from Google Play or the Apple iTunes Store. For more information regarding LIVESAFE visit http://usc.edu/mobilesafety
